

Welcome to our Nursery

We are a 52 school placed nursery; 26 children are allocated a morning session and a further 26 children have an afternoon session.

Session times

Morning: 8.40-11.40am

Afternoon: 12.20-3.20pm

Meet our staff

Mrs Younger-Cooper is our Nursery Teacher and Mrs Clayton is our Teaching Assistant. Check out our notice board in the entrance, this has recent newsletters, weekly topics and focus areas of the week. Please feel free to pop in, we are always available to speak to you at the beginning or end of the daily session.

Nursery Cloakroom

When arriving at nursery the children are encouraged to find their name tag and hang their coats on the matching peg. Wellies are brought daily as we go outside to experience the different types of weather.

Indoor Area

Inside the nursery is divided into different areas.

Daily activities are planned to cover the seven areas of learning set out in the Early Years Foundation Stage (EYFS) Framework.

The children are offered milk and a piece of fruit during their session.

Toilet Area

The children are encouraged to become more independent in their personal hygiene and care.

Outdoor Area

We are very lucky to have such a vast outdoor area. Activities are well planned to continue to develop each child as an individual. The children love to help with the gardening and watch each season change. We enjoy building dens, sitting around our 'camp fire' and exploring the lovely surroundings.
